In attendance: 3 members of the public

Public Question Time:
- The Parish Council were asked why Sue's Piddle was not included in the Neighbourhood Plan. Clive Scott-Hopkins explained that this parcel of land was under the control/ownership of the Village Charities and did not really come into any public open space category. He advised that it had been overlooked as it has flooding problems and will never be developed on.

FC49/09/2016 Apologies:
Received from Ward Councillor Carwyn Cox

FC50/09/2016 Minutes:
The minutes of a planning only meeting held on 9 August 2016 were approved by the Council and signed by the Chairman

FC51/09/2016 Declaration of Interests:
None voiced

FC52/09/2016 Significant Matters Arising from the Minutes – not covered elsewhere
- Open Space on Shurlock Road – Suzy Young reported that a meeting of the working group had taken place the previous evening. Some good ideas were put forward and agreed to be put into phases of work. The working group comprised David Lee, Maggi Bevan, Clare McIntosh, Lucy Brooker, Barbara Ireland and Suzy Young.
- Bellman Hanger – there is local concern about the recent felling of mature oaks at this location as works at the site has not yet started, also there are no TPOs in place. The tree team from RBWM visited the site in August but no update is to hand. Clive Scott-Hopkins advised that more trees have now been felled. The Chairman will write a letter to Shanlys to ask if they had instructed someone to fell the trees.
- Thames Water – Mark Hipgrave advised that two possible meeting dates had been proposed by Thames Water at the end of September but he was not sure who is attending the meeting apart from himself. The main purpose of the meeting is to establish why pockets of the Parish are still getting heavily
flooded after the pumping station had been upgraded.

- Network Rail – Suzy Young has received a letter from them apologising for the lorries turning at all hours of the night in Adkins Road. She also reported that traffic lights are up most nights so felt that was more positive.

FC53/09/2016 Traveller update:
The Clerk read out an email that she had received from Cllr Carwyn Cox. The unsuccessful occupants of the site have appealed the decision of the Planning Inspector to the High Court. That inevitably means that RBWM is unlikely to be able to take any action in respect of the site in the immediate future until that process has been gone through. The Leader of the Council will be writing to the Prime Minister expressing continued frustration at the continual delays. The Chairman will write to the Prime Minister to add the Parish frustrations. Clive Scott-Hopkins to produce draft.

CHAIRMAN
CLIVE-SCOTT-HOPKINS &
CLERK

FC54/09/2016 Downfield Pit update:
White Waltham Parish Council have made contact with the Parish Council as they are also concerned about the size and number of lorries that are driving through their village on their way to the Pit. Suzy Young is keeping a watching brief on the situation. She has received a copy of a letter from the site owners to all hauliers who use the site which will be published in the Lych Gate.

FC55a/09/2016 Planning applications:
16/02531: Durham Cottage, 3 Twyford Road, Waltham St Lawrence
The parish Council had no objection to this application

16/02480: Orchard Cottage, The Street, Waltham St Lawrence
The Parish Council had no objection to this application with a condition that the building remains ancillary to the main house

16/02387: Crosside, Broadmoor Road, Waltham St Lawrence
The Parish Council objected to this application – it conflicts with the openness of the Green Belt GB2 (A). The proposal moves the property away from the established recognised settlement of residential properties to an area surrounded by open space and woodlands.

If the Borough are minded to approve this application we would wish to confirm that the property bulk and scale is no greater that the existing building that it is replacing. The Parish Council were unable to obtain sufficient comfort from the application documentation. In particular we would ask the Borough to confirm that they are comfortable with the ground floor space quoted in the application for both the original and replacement property. We would also request that all buildings on the site remain ancillary to the replacement house.

It was noted that the Vice Chairman did not agree with the Parish Council’s response.
